Dear Chairman Wheeler,

On behalf of the Tampa Bay Beaches Chamber of Commerce (TBBCOC) membership, we support the merger with Charter Communications and Time Warner Cable into New Charter. We understand that innovation is a priority for Florida businesses and competitiveness and in today's economy is often based on technology and knowledge. We value Bright House's commitment to Florida businesses and the community.

We appreciate the services Bright House has given TBBCOC over the years. Our chamber has personally benefited from the company's support of our annual program of work, and most importantly, support of our collective commitment to assist businesses grow and thrive.

The TBBCOC fully supports New Charter because we know its investments would continue to encourage economic growth and bring jobs to our area in the Tampa Bay Beaches region. We ask you to support our community by approving the merger.
